

REJECT PROPOSALS TO INCREASE TAX

**Senate Will Take Final
Vote on War Profits
Section Late Today**

FIGHT ENTERS NEW STAGE

WASHINGTON, Sept. 4.—In rapid succession today the senate bowed over by overwhelming majorities three more proposals from the group of senators seeking to increase the levies on war profits in the tax bill. An amendment by Senator Hollis to tax war profits only at higher rates but to strike out the finance committee's new clause levying \$428,000,000 additional on ordinary excess profits, was rejected, 57 to 12. Then without debate one by Senator La Follette to fix a flat rate of sixty per cent designed to raise not less than \$1,800,000,000 on war profits was beaten. The minimum flat rate proposal of 50 per cent of the high tax group presented by Senator Hollis was voted down 52 to 18.

Contest Enters New Stage
With these setbacks the fight to substitute a flat rate for the graduated system of the excess war profits section virtually ended and the contest entered a new stage. Before the final vote on the war profits section, set by unanimous agreement for late tomorrow, the high tax faction plans an effort to raise the graduated rates now in the bill.

Today's session, shortened by a recess to permit senators to join the parade in honor of the District of Columbia's drafted men, was marked by spirited fights in the last stand of the high tax advocates to impose a flat, general rate on war profits. The group still hopes to increase the tax rate by raising the graduated rates, but the finance committee leaders are confident that the bill will stand substantially as now written—providing for a levy of about one third on war profits, or an increase of \$1,000,000,000 over the present revenue of \$226,000,000.

Smoot Leads Committee Defense
Senators Hollis and Kenyon today led the discussion for the high taxers with Senator Smoot leading the defense of the finance committee's draft. A bill totalling \$4,000,000,000 was urged by Senator Hollis, who insisted there should be a flat levy of at least sixty per cent on war profits.

In bitter terms Senator Kenyon scored the senate for voting down the increases proposed. He spoke of "treasonable profits," and said inadequate conscription of wealth and imposition of irritating consumption taxes on the masses of the people would be responsible for unpopularity of the bill.

Charges "Treasonable Profits"
"I am here protesting what I term treasonable profits," said the Iowa senator. "Reasonable profits, and not treasonable profits should be the rule during the war."

"There is no use in the thinking men of this country playing ostrich and fooling themselves."

"The trouble in this country is that people who are devoted to this country and who would give their lives to it, feel in their hearts that great wealth is arrogant and powerful and has too much to say regarding legislation. If great wealth won't meet the public half way and be willing to have a tax meted out to them justly, I am afraid trouble will result. Let us face it, there will be no doing anything that will increase social unrest of this country. The opinion is expressed that the people feel, also, that congress conscripted men and can't justify itself unless they conscript wealth too. The opinion has gotten out that if lives can be conscripted wealth can too."

Senator Smoot attacked the Hollis plan to exempt normal but extremely large excess profits from taxation, asserting many millions of ordinary corporation earnings would escape taxation by the proposal.

Gains and Losers Supporters
In the three votes today the high tax faction both gained and lost supporters. Their highest record of twenty votes was made yesterday on the 70 per cent war profits tax proposal of Senator La Follette. Division of sentiment in their own ranks regarding the smaller flat rates and excess profits taxation today caused slight losses.

Senators Chamberlain, Kendrick, Myers and Phelan were new members registered in the voting on the side of those seeking to amend the bill. Senators Chamberlain, Myers and Phelan voted to tax war profits alone at higher rates and exempt ordinary excess profits. Senator Kendrick supported the final minimum 50 per cent proposal of Senator Hollis. On the latter Senators Bofah and Frammell voted with the majority because the bill contained a sixty per cent maximum provision.

In the shifting of the contest, several graduated amendments Senators La Follette, Gore, Brady, Kenyon, Johnson of California and others had been pending were not offered. Tomorrow Senators Hollis, Kenyon, Johnson of California and others will propose various increases in the bill's graduated rates. Senator Hollis has a plan for a flat increase of ten per cent in all the rates, estimated to raise \$400,000,000 additional and to make the gross war profits levy about \$1,700,000,000.

AMERICAN SAILORS PRISONERS IN GERMANY

**American Red Cross Receives
News from Switzerland**

Message States Capt. Oliver of the American Tanker Campana and four of the five members of the naval gun crew were taken prisoner when their ship was captured and sunk August 6 by a German submarine in a prison camp at Brandenburg, Prussia, the American Red Cross was advised today by cable from Geneva.

No Mention of Miller.
The message made no mention of seaman William Albert Miller, the other prisoner and an inquiry has been cabled to Geneva to learn his fate.

The four gunners held by the Germans are James Delaney, chief gunner's mate in charge of the gun crew; Ray Roop, boatswain's mate; Charles Loran Kline, gunner's mate; and Fred Stephen Jacob, a seaman.

They with Miller were the first American naval men to be taken prisoner since war was declared on Germany. It has been feared that they and Captain Oliver had been lost as a French cruiser which picked up the remainder of the tanker's crew reported that a U-boat had been sent down that day by another French warship near where the Campana was sunk.

Exhausted Supply of Shells.
The Campana was forced to surrender because the naval guard exhausted its supply of 180 shells in a four hour's running fight with the submarine which fired several hundred shots at a range of more than 7,000 yards. The German continued the bombardment after the steamer hoisted the international signal of surrender, members of the crew said and the ship's company took to the small boats.

The submarine quickly overhauled them and took prisoner all the men it could accommodate. The remainder of the crew were allowed to return to the Campana for their personal effects and then the tanker was sent down.

After drifting nine hours in the small boats, the eight naval gunners and 40 men of the Campana's crew were rescued by a French warship and landed in France. The submarine captain reported that he had been out a long time and from the fact that he took prisoners it was assumed that he was about ready to return to base.

BELFAST WELCOMES IRISH CONVENTION

**Assembly Expects Great Interest
Thruout Ireland—Draw Very Favorable Conclusions for Success of
Convention.**

Dublin, Sept. 4.—The assembly of the constitutional convention for Ireland today at Belfast to which the city's deliberations have been transferred for a time, excited great interest thruout Ireland. Very favorable conclusions for the success of the convention were drawn from it. The sitting included in the municipal chamber and the lord mayor who is a member of the convention entertained the delegates at luncheon at the city hall.

It is felt to be a great gain that Belfast should abandon its rigid position of unwillingness to discuss home rule at all and should give a cordial welcome to the convention in which its views are largely represented, and whose function is to draft a constitution for the government of Ireland.

Joseph Devlin, nationalist member of the house of commons for the west division of Belfast, where elections are always contested fiercely, will give a dinner to the delegates tomorrow night. The convention will sit in Belfast for three days and at intervals in its proceedings will visit the city's famous shipyards and other industrial centers.

The last five sittings at Dublin have devoted to discussion of detailed schemes of home rule. These discussions will be continued at Belfast and later the convention will sit at Cork.

HEALTH BOARD CLOSES DAVENPORT SCHOOLS

DAVENPORT, Ia., Sept. 4.—Because of a threatened epidemic of infantile paralysis the board of health of this city closed all schools today on the recommendation of C. S. Rosnow, an expert on the disease who was brought here from a hospital at Rochester, Minn., and in accordance with resolutions adopted on Saturday by the Scott county, (Iowa) and Rock Island (Ill.) Medical Societies. Nineteen cases of the disease are in the city now and tight deaths have taken place within the last two weeks. Children under sixteen years of age have been forbidden to enter motion picture theaters, churches, Sunday schools and public libraries. Street cars and all places of public gatherings have been ordered fumigated once a day.

DE PALMA CHALLENGES CHEVROLET.

Chicago, Sept. 4.—Ralph De Palma, dissatisfied with his showing at the local speedway yesterday, has challenged Louis Chevrolet, to a race in the same oval next Saturday. It is understood that the drivers have come to terms and will race 100 miles in three heats of 20, 30 and 50 miles each.

State Defense Council's Address to Young Men Called to Colors Today

CHICAGO, Sept. 4.—The state council of defense today issued the following address to the young men of Illinois who are called to the colors tomorrow:

"America is in a war which she must win. She is justly in it to preserve the right and liberties on which the nation rests. Being in, it is her duty to wage it as becomes a great nation—with all the force and power she commands.

"To win the war we must smite the enemy. The harder he is hit the sooner will our purpose in the war be achieved and the sooner lasting peace will come. To such a peace America has dedicated the best she has, her young men now called to the colors.

"The men who go to the training camp today, and hereafter, are the men America has chosen to win the war for her. They are selected men for a very high duty; they carry the hopes of the nation; they represent the power of their home land.

"Illinois sends her quota forth with confidence in their courage and their fidelity, assured that they will acquit themselves with honor and credit. And Illinois pledges to them that loyal support at home without which their efforts in the field, however valorous and their sacrifices, however great, would be in vain."

CHICAGO CITY COUNCIL COMMENDS GOV. LOWDEN

**Hold Session Under Heavy Police
Guard—Mayor Presides**

Requests Governor to Prevent Holding of Any Meeting in the Future Which May Be Inimical to Public Safety or Disloyal or Treasonable to the United States.

Chicago, Sept. 4.—The Chicago city council today in special session after a three hour discussion, adopted a resolution commending Governor Lowden for his stand against permitting pacifist agitation in Illinois and requesting the governor to prevent the holding of any meeting in the future which may be inimical to public safety or disloyal or treasonable to the United States. The resolution, which was presented by Alderman Toman, was amended before being adopted by a vote of 42 to 6. The council then adjourned.

Have Heavy Police Guard.
The city council will meet October 1 to adopt the resolution recommended by the Aldermanic Committee. The course was made necessary by the fact that there were not enough aldermen present to suspend the rules for the immediate passage of the resolution. The session was held under a heavy police guard, with Mayor Thompson presiding.

Mayor Thompson and his friends in the council made a parliamentary fight to prevent the adoption of the resolution. They made an unsuccessful effort to have the subject referred to the committee on schools for consideration.

Score Action of Mayor
Mayor Thompson at one time urged the aldermen to take a recess until evening but the majority insisted upon remaining in session until the resolution had been adopted. Alderman Michaelson led the opposition to the resolution and resorted to every possible technicality to delay proceedings. Alderman Toman and half a dozen others spoke for the majority and scored the action of the mayor in encouraging pacifist agitation in Chicago.

The six aldermen who stood by the mayor by voting against the adoption of the resolution were: Michaelson, Anderson, Block, Johnson, Rodriguez and Rea. The supporters of the mayor included two socialist aldermen.

MORE WAGES MEAN ADVANCE IN PRICE

CHICAGO, Sept. 4.—More wages for the coal miner means a corresponding advance in price to the consumer, according to Illinois operators who attended a special meeting of the Illinois Coal Operators' association here today. It was decided to send representatives to a meeting of coal miners to be held in Indianapolis Thursday with instructions to agree to an advance in wages if miners provided Harry A. Garfield, a government coal administrator, allows an equalizing advance in prices of the commodity to the consumer to cover the increased wages cost.

SWITZERLAND WILL NOT BE REPRESENTED

GENEVA, Sept. 4.—It is learned from a reliable source that Switzerland will not be officially represented at the proposed conference of neutral nations at Stockholm. The Swiss authorities believe, it is said, that since the entrance of America into the war the voice of smaller nations will produce little effect on the belligerents, and furthermore the Swiss consider the question of re-victualing a private one to be arranged separately.

PIT TAXES INTO FORCE.

Mexico City, Sept. 4.—The chamber of deputies tonight passed a bill putting into force the same taxes on mining property that were assessed by decree by President Carranza as first chief prior to the constitutional period. These taxes are progressive, taxing large holdings more than small.

WAR NEWS SUMMARIZED

From Riga to the east of Uxkull the Russians continue in full retreat before the Germans, those from the evacuated port and arsenal making their way northeastward along the coast of the Gulf of Riga and those from Uxkull and vicinity endeavoring to reach Riga-Pskoff-Petrograd railway line.

Behind them the Russians left Riga partly aflame as the result of the German shells hurled into the town before they departed while smoldering ruins of small villages mark the path over which the other contingents have passed having been set on fire during the retreat.

Along the eastern coast of the Gulf of Riga for a distance of about eighty miles north of the evacuated town German warships are shelling various towns, possibly with the intention of covering a landing of troops whose object would be to cut off the retreat of the Riga army or turn its flank thereby entirely clearing the kulf shore region and giving Prince Leopold of Bavaria a base, possibly at Pernau, whence to operate overland in conjunction with the naval forces toward Reval, Russia's principal port on the Gulf of Finland, in an endeavor to seal up the Russian fleet inside the gulf.

While the Germans were knocking at the gates of Riga, from the west and southwest hurled shells of all calibres and looting waves against the town, loyal Russian troops held them back long enough to blow up the fortifications at the mouth of the Dvina and raze the bridges over the waterway. To the south, where the defection in the ranks of the Russians apparently was the greatest the Germans, according to the Berlin official communication, took some thousands of prisoners and also captured more than 150 guns and large quantities of war material.

In the Austro-Italian theatre the intensive infantry fighting of previous days seemingly has given way for the moment to reciprocal artillery duels of great violence. The cessation in the fighting probably is due to a realignment by the Italians of their battle line after their rapid advance all along the front from Tolmino to the sea.

Meanwhile, however, it is reported that a cry of distress has been sent to the Germans by the Austrians asking for men to aid in holding back the Italian advance. As a result of this appeal it is said that Field Marshal Von Hindenburg has sent two Bavarian divisions to the Isonzo front and that the Germans also are hastening the manufacture of guns for the protection of the Rermania heights, the key to Trieste.

Altho the infantry activity has come to a pause the Italians have paid their respects to Pola, Austria's big naval base on the Adriatic by air. Nine tons of explosives have been dropped on war ships in the roadstead and on military works causing great damage.

Field Marshal Haig continues to pound the German positions in Flanders with a rain of shells and another big push against the German lines seems imminent. The infantry along this front and also to the south are still being kept to their trenches except for raids of minor importance but which have resulted in several additional gains of ground by the British.

Unofficial advices say that behind the German lines in Flanders from Courtrai to Thorout, the civilian population has begun an evacuation realizing the nearness of another British onslaught.

The Germans at several points along the Aisne front and in the Verdun sector have again made ineffectual attempts to pierce the French line. The artillery duels near Verdun continue unabated. Intensive air raiding has been carried out by the French, British and German aviators.

For the third day in succession the Germans have bombed the southeastern English coast in their last raid having penetrated the London district where explosives were loosed.

APPROVE VIGOROUS PROSECUTION OF WAR

**American Bar Association
Adopts Resolution**

Sets in Motion Plans Designed to Marshal the Aid of Country Lawyers Who are Members of National, State or Local Associations.

Saratoga Springs, N. Y., Sept. 4.—The American Bar Association at the opening of its annual meeting here today deferred all other business until it had adopted by a unanimous rising vote a resolution expressing approval of vigorous prosecution of the war and had set in motion plans designed to marshal to the aid of the country lawyers who are members of national, state or local associations. The resolutions which were offered by Elihu Root were adopted amid scenes of enthusiasm characterized by many members as surpassing any ever enacted at a similar meeting. After the reading of each paragraph the speaker was compelled to pause while members leaped to their feet, swung their hats and cheered.

The association recorded its absolute and unqualified loyalty to the government, expressed its belief that the freedom and security of the country depend on the defeat of Germany, urged the most vigorous possible prosecution of the war, endorsed the plan to send American troops however raised to Europe and condemned as pro-German all attempts in and out of congress to hinder and embarrass the carrying on of the war "under whatever cover of pacifism or technicality such attempts are made."

Mr. Root prefaced the resolutions with the assertion that the lawyers should be more deeply interested in the outcome of the war than the members of any other profession because the conflict is between those holding radically opposed views on the law of government.

SEEK LEAVE TO DISMANTLE ROAD

SPRINGFIELD, Ill., Sept. 4.—Leave to dismantle its railroad between Alton and Jerseyville need to dispose of its assets was sought in a petition filed here today with the public utilities commission by the Alton & Jacksonville railroad company. A hearing on the petition is asked.

The road set forth that there are no funds with which to continue the track beyond Jerseyville, that it was not possible to obtain a franchise to operate in the streets of Jerseyville, and that competition would make the railroad a losing proposition.

GERMAN AIRPLANES SHELL ENGLISH COAST

LONDON, Sept. 5.—Another air raid on England has taken place. The English coast was shelled, as well as the London district.

The official report of the raid says: "A considerable number of enemy airplanes crossed the southeast coast at 11 o'clock last (Tuesday) night and dropped bombs at a number of places. Some of the machines reached the London district where bombs were dropped."

"No reports of damage have yet been received."

DENIES NEWSPAPER REPORTS.

Rio Janeiro, Sept. 4.—In a denial of newspaper reports the minister of war has announced that Brazil will not send troops to Europe. The announcement also states that the minister of the navy will not lease requisitioned German ships to the Entente Allies.

BRITISH CASUALTIES.

London, Sept. 4.—British casualties reported in the last week are: 15,614. They are divided as follows: Killed or died of wounds: officers 364; men 3,880. Wounded or missing: officers 846; men 10,524.

GRAND JURY INDICTS IOWA ATTORNEY GENERAL

**Charge Oppression in Office
for Alleged Actions**

Action Overshadows Interest in Trial of Minister for Murder in Connection with Villisca Axe Slayings—May Start to Examine Jurors Today.

Red Oak, Ia., Sept. 5.—Within a few hours after Rev. L. G. J. Kelly had been placed on trial today for murder in connection with the Villisca (Ia.) axe-slayings of 1912, H. M. Havener, attorney general of Iowa was indicted on a charge of oppression in office for alleged actions during grand jury investigations of the murders.

Mr. Havener, who is charged in the indictment returned by the Montgomery county grand jury with "willfully and corruptly oppressing a person under color of office" was arrested at his own request late today and released on \$1,000 bond pending a preliminary hearing.

Overshadows Interest in Trial
Indictment of the attorney general overshadowed interest in the trial of Kelly who is charged in an indictment with the murder of 11 year old Lena Stillinger one of the eight persons killed with an axe the night of June 9, 1912, in the home of Joe B. Moore in Villisca.

Recess until tomorrow morning at 9 o'clock was taken shortly after the trial opened and examination of prospective jurors is expected to start then. In addition to the regular panel, a special venire of seventy-five has been called. It seemed to be the general opinion among counsel tonight that at least the balance of the week would be required for selection of the jury.

In connection with his indictment Attorney General Havener issued a statement tonight declaring the charges in the indictment were without adequate foundation. Conviction under the indictment, Mr. Havener said provides a maximum penalty of \$1,000 and a year's imprisonment.

Has No Fears of Conviction.
"The specific crime charged is oppression in office by the use of improper methods in examining Alice Willard a witness in the Jones-Wilkerson slander suit and later before the grand jury in connection with the unsuccessful attempt to indict F. F. Jones," Mr. Havener said. "I have no fears that a conviction will result."

The attorney general charged that the indictment is "instigated by a desire to intimidate me in the prosecution of the Kelly trial and in connection of the Kelly trial and in connection on a charge of criminal conspiracy."

The slander suit referred to was brought last fall by Jones, former state senator on the basis of certain utterances alleged to have been made by J. N. Wilkerson, a private detective who has been associated with the investigation of the murders for nearly five years.

The detective was acquitted. There has been a bitter controversy between Wilkerson and the attorney general's office.

SPRINGFIELD MAYOR ISSUES PROCLAMATION

**Orders All Citizens to Keep On the
Streets as Much as Possible and
Forbidding all Gatherings in
Streets or Public Places.**

Springfield, Ill., Sept. 4.—As a result of rioting here last night which resulted in the wrecking of six street cars, the riddling with bricks of the front of the car company's office building and the arresting of twenty rioters, Mayor C. T. Baumann tonight, following a conference of city, county and military officials with assistant Adjutant General Richings J. Shand at the state house, issued a proclamation ordering all citizens of Springfield to keep off the streets as much as possible and forbidding all gatherings in the streets or public places under penalty of arrest and imprisonment.

Mayor Baumann's action was a direct result of last night's trouble and reports that there would be further organized outbreaks tonight, with possible attacks in force on street car company property.

Altho there have been only isolated instances of trouble tonight such as the stoning of cars in remote sections of the city, soldiers with fixed bayonets patrol the main business streets with sentries on every corner keeping the people moving and breaking up any gatherings.

Additional forces are held at the court house and state arsenal with automobiles in readiness to rush them to any danger point.

Men arrested by the soldiers last night are being held at the county jail which is guarded by soldiers. It is said that they will be turned over to civil authorities.

WEATHER INDICATIONS AND TEMPERATURES.

Illinois: Fair and somewhat warmer Wednesday, probably becoming unsettled at night; Thursday partly cloudy and cooler.

HONOR NATIONAL ARMY CONSCRIPTS

**President, Congress And
The Allied Nations Pay
Honorto Selected Men**

WILSON LEADS PARADE

WASHINGTON, Sept. 4.—The president and congress of the United States and the allied nations, thru their diplomatic representatives, joined today in paying honor to the men selected from the District of Columbia for service in America's national army raised for the battle for Democracy.

Capital Cheers Itself Hoarse.
Washington, long used to glittering processions, to the blare and noise of inaugurals opened its eyes and cheered itself hoarse at the spectacle. About twenty-six thousand men, women and children passed a reviewing stand before the white house where the president and his guests watched the parade. More than half of the long line was in uniform. Those in civilian clothes carried themselves just as proudly. There were regulars from infantry, cavalry and artillery regiments stationed nearby, marines, men from the officers training camp at Fort Myer and hundreds of army and navy officers attached to the departments here.

The Stars and Stripes waved from the reviewing stand, from the buildings along the broad avenue from the head of every unit and in the hands of most of the civilian marchers.

President Kept at Salute.

From the corner of Fifteenth street, where Pennsylvania avenue turns around the treasury, the long mile to the foot of Capitol Hill was one stream of flags fluttering under a cloudless sky. The president and those in the stand with him were kept at salute continually. No one of the dozens of officers of foreign armies and navies overlooked the tribute due the emblem of the great republic that has lined up on their side to make the world safe for the principles on which it was founded.

President Wilson himself, eyes to the front, stepping out like a freshly trained recruit, marched at the head of the long line surrounded by a committee of citizens which arranged the parade, behind him in unbroken ranks came most of the members of the senate and house in such a tribute as they probably never have given on an occasion in the long years since this country became a nation.

President Leaves Ranks.

When he reached the white house the president left the ranks and took his place in the stand by Mrs. Wilson. It was the second time he had gone aloft over Pennsylvania avenue. The first was when he led the preparation parade before the United States went to war. Most of the members of the cabinet, Ambassadors Spring-Rice of Great Britain, Jusserand of France, Minister Calderon of Bolivia and dozens of officers in the uniforms of the armies of the nations that are fighting Germany were in the stand with them. All stood for two hours with eyes steady on the spectacle. They sat grim and unsmiling most of the time watching the panoply of war go by.

Seventy Senators in Line.

At the head of the senate came Senators Nelson and Warren of the Union army and Martin and Bankhead, who fought on the side of the gray in the Civil War and with them marched Senators Chamberlain, chairman of the military committee, and Lodge, ranking Republican of the naval committee. There were seventy senators in line and only a few were absent who were not sick or unable to make the long trip. The house turned out hundreds of its membership, headed by Speaker Clark and "Uncle Joe" Cannon.

In all that long line the drafted men and the marines attracted the most attention at the reviewing stand. The 1200 young men who are in training at Fort Myer for commissions in the new army with only twelve days of drill behind them swung by the stand with ranks unbroken and with the easy tread of soldiers. But the marine company after company, swept past with never a ripple to disturb their steady flow.

Navy Clerks Carry Banners.

Behind the troops were the government departments. Secretary Baker marched at the head of the war department with Major General Scott, chief of staff and the ranking officers on duty here in khaki just ahead of the clerks in civilian clothes. Secretary Daniels led the navy with Admiral Benson, chief of operations, his aides and scores of officers in the summer white of the navy. The navy clerks carried a half dozen banners with legends that are watchwords in the American navy.

"I have not begun to fight," was one, "Don't give up the ship," another, "Damn the torpedoes—go ahead," third.

There were several hundred veterans.

**MUST NOT COMMERCIALIZE
RED CROSS EMBLEM.**
The Red Cross Society has issued
a warning that the emblem of the
organization, a red cross on a field
of white, must not be commercial-
ized. There are some unintentional
offenders who have used the cross on
printed matter because of the inter-
est in the work, but for the most
part the warning is directed toward
those who have thought to stimulate
the sale of magazines, songs, post-
cards or other articles by attaching
the Red Cross emblem. At such
times as these there are always per-
sons who under the mask of patri-
otism are really looking out for per-
sonal profit. To such as these the
Red Cross society gives warning that
the use of the Red Cross for com-
mercial purposes is an offense
against the law. The agreement be-
tween the United States and other
countries is that the Red Cross em-
blem is as sacred as a country's flag.

THE RIGHTS OF CHILDREN.
A St. Louis paper gives casual
mention to the fact that the city
of Alton plans to close two well
known streets for one block at ev-
ery school recess time in order to
give the children at adjoining
school buildings a place to play. The
fact is that the grounds of the school
buildings are not quite adequate for
the recess hours and it is not feasi-
ble to purchase adjoining property.
The item is indicative of the pres-
ent day realization of the important
part that play has in the lives of
children and that it really has a
part in educational work. It is only
in comparatively recent years that
the attention merited has been given
to the recreation of children. Now
we know that the character and
thought of children are often large-
ly shaped thru their play and thus
the recreation hours are really of
great importance as they touch in-
timately the lives of children.

**ALL SOLDIERS UNDER
ONE FLAG.**
Correspondence from Ft. Sill,
Okla., where Capt. H. C. Woltman
of this city is now located, indicates
the changed relationship of the na-
tional guard and the regular army.
Time was when the regular army
man was inclined to laugh at the
national guard, or at least consider
him as a fellow in army to be view-
ed from some heights of superiority,
but that time is past, both because

members of the national guard
have increased in efficiency and
furthermore because most regular
army regiments have been split to
pieces and the skeleton organiza-
tion resulting used as a frame work
for the new regiments.
Thus in reality members of the
regular army are outdone in num-
bers. In like way will any feeling
there may be between volunteer and
drafted men disappear. The number
of men drawn into the service thru
the new conscription law will so
overwhelm others in numbers that
it will be only a short time until the
new national army will be one great
homogeneous organization without
any line or indications of the pre-
vious status of any of the soldiers.
This is just as the war department
and the people would have it.

**THE DURATION OF
THE WAR.**
A Chicago man known to a num-
ber of Jacksonville people was re-
cently called to Washington to as-
sist Secretary McAdoo in matters re-
lating to the coming liberty loan.
This man leased his home in Chi-
cago for a period of two years and
eight months. This fact gives a
pretty accurate line on the ideas of
Washington officials as to the length
of this war. All war preparations
are now being carried on with the
indication that the government ex-
pects a long conflict and the term
for which this Chicago man has
arranged for his Washington resi-
dence gives another indication of
administration belief. The item is of
interest as it confirms the view that
U. S. officials recognize fully that
no easy task faces them and that
months will lengthen into years be-
fore the conflict ends.

The indications are that Germany
is still unable to believe that the
U. S. has seriously entered this war
and is going to use the full force
of a great army in the cause of the
allies. The thing to be devoutly
hoped for is that when the German
leaders and the German people do
actually understand the earnestness
of American purpose, that they will
see the inevitable end and will make
concessions that will bring world
order out of chaos and peace to
all peoples.

**THE IMPORTANCE
OF DAIRYING.**
There was not a large attendance
at the dairymen's picnic yesterday
because of unfavorable weather, but
the occasion was nevertheless im-
portant. The extent of the dairying
interest in Morgan county is slowly
increasing and it would be well for
the county if more and more atten-
tion could be paid to this important
branch of industry. Statistics show
that those sections largely devoted
to dairying are the most permanent-
ly prosperous. The growth of a
dairying district means increased
soil fertility and means a steady and
satisfactory income not subject to
weather and season fluctuations as is
true of most crops.
The tendency is when times are
very prosperous to give less atten-
tion to dairying because of the ex-
isting demands of the business. It
is to be hoped that the dairy and
creamery interests of Morgan county
will not lag just now because prices

of grain and livestock are high.
The farmer who is wise will look be-
yond these present days and if he
owns cows now should remember
that they are just as valuable as
they ever were, and while he may for
the present earn money from his
farm in an easier way than by means
of the dairy cows, measured by
years of farm prosperity the dairy
cows should be given their just at-
tention in times of agricultural pros-
perity as well as in those leaner
years when the farmer turns to
dairying as affording sure relief from
hard times.

LOOKING BACKWARD.
A writer in Collier's well points
out that it is idleness to talk about
the unpopularity of this war. True
there are citizens who insist that
war is a mistake and who insist that
the United States should never have
violated precedent and become im-
plicated with affairs in Europe. These
people, however, are very few by
comparison with those whose
hearts are sorrowful because of the
war but who realize that the United
States had no honorable course left
but to join with the allied govern-
ments in waging the battle for lib-
erty.

The article referred to mentions
that the United States had before
had two wars which might be called
wars and two which might be term-
ed campaigns—that is the Mexican
and the Cuban. In the war of 1812
it is recorded that the old island of
Nantucket tried to preserve neutral-
ity and when the Mexican war came
on New England statesmen in par-
ticular were loud in their denuncia-
tion of the administration policy.
Coming down to late years, it will
be remembered that there were those
in congress who did not ap-
prove the Spanish-American war.
In a country with 100,000,000
people—a country where there is
greater freedom of speech and ac-
tion than any other on the globe—
it is surprising that there are not
greater numbers of citizens who
would like to term the war unpopu-
lar and thus endeavor to give aid
and comfort to the enemies of the
government.

UNCERTAIN TIMES
In times of war no prophet tells
just what will chance tomorrow;
it may be you'll be wearing bells,
or plunged neck deep in sorrow.
Perhaps the boss will on you smile,
and say, "Boy, I admire you!" per-
haps he'll say that trade's so vile
he fears he'll have to fire you. We are
at war with sword and gun, and as
the trouble waxes, our Uncle Sam
may need much more, and load us
down with taxes. From big ex-
pense there's no escape, when na-
tion's get to scurrying; so let us get
ourselves in shape to meet what'er
may happen. Let's purchase small
tin savings banks, with red and yel-
low painted, and in them put the
marks and francs, and other coin
untainted. In time of war prepare
for peace, that peace of mind un-
ending, which comes to prudent folk
who cease all vain and useless
spending; who have a package put
away should evil days come nigh
today, if they lack coin to buy them.
Keep out of debt, for debt's a curse
when times are calm and cheerful,
and now that war is here it's worse
—it's something dread and fearful.
Be prudent now, before the stress of
war has made us humble, and when
the crisis comes you'll bless the day
you took a tumble.

Social Events

Celebrated Wedding Anniversary.
Mr. and Mrs. G. T. Litter celebra-
ted the 32d anniversary of their mar-
riage at their home in Litterberry
Tuesday. Their three daughters
were all present at the anniversary
as well as the grandchildren. At
noon a splendid dinner was served
Mr. and Mrs. Litter were the recip-
ients of a number of presents. Their
daughters are Mrs. Cleveland But-
ler of Vandalia, Mo.; Mrs. Harry
Martin of Sinclair, and Miss Georgia
at home. Mrs. Litter before her mar-
riage was Mrs. Elizabeth Coulson of
Little Indian. She was married to
Mr. Litter in that town.

**Orleans Woman's
Country Club.**
Mrs. A. A. Curry entertained the
Orleans Woman's country club at
her beautiful home in Pisgah Tues-
day afternoon. Despite the bad roads
twenty members were present and
the occasion proved one of much
pleasure and profit. During the
social hour that followed the pro-
gram the hostess served dainty re-
freshments.

Two interesting papers were read.
Mrs. W. T. Scott read one of "The
Luster of Ancient Mexico." Miss
Violet Davis presented one on the
Myths of Mexico. On roll call the
members responded on "What I Can
Do to Help the Red Cross." A gen-
eral discussion followed the regular
program mainly in connection with
the Red Cross and its work. The
members of the club decided to
eliminate some of the literary work
and devote more time to doing work
for the Red Cross.

**Mr. and Mrs. Thies Celebrated
Wedding Anniversary.**

The fifth wedding anniversary of
Mr. and Mrs. George Thies of near
Woodson was very fittingly celebra-
ted Tuesday evening when a number
of friends made up a merry party at
the Thies home and a general good
social time enjoyed. Mr. Thies is one
of the prominent and substantial
young farmers of the Woodson com-
munity. Mrs. Thies was formerly
Miss Bessie Megginson. As is usual
where such good people congregate
many delicious things to eat were
in order. Mr. and Mrs. Thies were
the recipients of many useful gifts
and heartfelt congratulations and
good wishes. Among those present
were: Mr. and Mrs. Earl Sorrells
and family, Mr. and Mrs. John Burns
and family, Mr. and Mrs. Edgar
Vasey and family, Mr. and Mrs. El-
zie Virgin, Mr. and Mrs. Len Wat-
son and family, Mr. and Mrs. Ed
Reynolds and family, Mr. and Mrs.
Lloyd Magill and daughter, Mr. and
Mrs. Charles Watson, Mr. and Mrs.
Reuben Megginson and family, Mr.
and Mrs. James Hitch, Mr. and Mrs.
Crone, Isaac Watson, Harry Tazwell,
Charles Rose, Thomas and George
James, Mrs. Etta Harney, Miss Cow-
gour, and Paul Megginson.

MATRIMONIAL

Strawn-Robison.
Word which reached Jacksonville
Tuesday contained further details
regarding the wedding at Timewell,
Ill., of Mr. Robert Strawn and Miss
Winifred Robison. The following re-
garding this happy event will serve
as a supplemental notice to the an-
nouncement of the marriage appear-
ing in Tuesday morning's Journal.
On Sunday afternoon at five
o'clock Winifred Robison, of Time-
well, and Robert E. Strawn of Pleas-
ant Plains were very quietly mar-
ried at the home of the bride's
parents, in the presence of only the
immediate relatives.
The ring ceremony was used. Rev.
Franklin L. Gould, pastor of the
Presbyterian church officiating.
The bride wore a gold colored
afternoon dress, with a corsage of
Aaron Hard roses. She is the daugh-
ter of Mr. and Mrs. Frederick Robi-
son of Timewell and received her
education at Illinois Woman's Col-
lege in Jacksonville, where she
specialized in Home Economics. She
was a member of Belles Lettres lit-
erary society.
Mr. Strawn is the grandson of
Dr. David G. Strawn of Jacksonville.
The past three years he has attend-
ed the state university, taking the
agricultural course.
Mr. and Mrs. Strawn left Sunday
evening for Chicago where they will
visit a few days. They expect to take
a lake trip before returning to their
home on a farm near Timewell.

Tate-Tatum

Wheeler-Falls

Rev. J. H. Fisher pastor of Bethel
A. M. E. church performed a double
wedding ceremony Tuesday even-
ing at 9 o'clock that united the
lives of Benjamin Tate and Mrs. An-
na Tatum and Leonard Wheeler and
Miss Anna Falls all of this city.
The ceremony was said at the home
of Mrs. Tatum, 509 South Church
street and was witnessed by only a
few relatives and friends.
Mr. Tate is a long time resident
of this city. He is a cook by oc-
cupation and for many years was
employed at the Dunlay hotel. His
bride is an estimable woman, a
member of Bethel A. M. E. church
and is highly regarded by all who
know her.
Mr. Wheeler is in the employ of
H. S. Greenstone at the Emporium
and a young colored man well
thought of by all. His bride has
only resided here a short time but
has won many friends.

Moody-Cook

William Moody of St. Louis and
Mrs. Fannie Cook of St. Paul, Minn.,
were united in marriage Sunday af-
ternoon at 2 o'clock at the home of
the bride's parents, Mr. and Mrs. Al-
bert Brown of East Chambers street.
The ceremony was said by the Rev.
J. H. Fisher, pastor of Bethel A. M.
E. church. They will reside in St.
Louis.

**ALL READY FOR
COUNTY SOLDIERS' DAY**

People Will Join in Paying Honors
to "Boys of 1917"—Banquet
Will Be Followed By Imposing
Parade.

All arrangements are completed
for the entertainment today in honor
of the first quota of Morgan county
men to answer to the draft. The ban-
quet will be served in the Y. M. C. A.
gymnasium at 1 o'clock. The ban-
quet will be in charge of the ladies
of several churches assisted by the
Woman's Relief Corps.
An elaborate menu has been pre-
pared which will include the follow-
ing: Fried chicken, potatoes, gravy,
cabbage salad, sliced tomatoes, ap-
ple sauce, jelly, ice cream, cake and
coffee. Enough has been prepared to
feed 200 persons.
The time between the close of
the banquet and the parade will be
spent by the soldier boys in getting
acquainted and in visiting with their
families and friends. During the
banquet vocal solos and numbers by
the orchestra will be given.
It is hoped that all merchants will
comply with the request of Mayor
Rodgers and close their stores dur-
ing the hours from 3 to 4:30
o'clock in order that all may take
part in the parade. The parade com-
mittee asks that all who intend to
march meet at the Y. M. C. A.
promptly at 2:45 o'clock and bring
flags to be carried in the parade.
The committee also asks that all
business houses be decorated for the
occasion.

The Parade.
Capt. John E. Wright has been
selected as chief marshal and will
have as assistants, S. O. Shuff,
Wesley R. James and C. C. Berry-
man. The make up of the parade will
be subject to change as other organi-
zations are added. A call has been
published asking that all Spanish-
American war veterans to march in
a body and these men probably will
be in line. The lineup follows:
Standard bearer and colors.
Band.
Civil war veterans.
Woman's Relief corps.
Spanish war veterans.
The six men who leave Wedes-
day with their alternates.
Red Cross delegation.
First call men.
Boy Scouts.

**CONGRESSMAN RAINEY
COMPLIMENTS BOARD**

Miller Weir, chairman of the lo-
cal exemption board has received a
letter from Congressman Rainey,
complimenting the local board on
the splendid manner in which the
work was carried out in disposing
of the various cases coming before
it. Mr. Rainey predicts brilliant
records for Illinois soldiers in ac-
tive service. His letter follows:
Henry T. Rainey,
Illinois.
House of Representatives U. S.
Washington, D. C.
September 1, 1917.

Hon. Miller Weir,

My Dear Mr. Weir:
I congratulate you and the oth-
er members of the Morgan County
Exemption Board upon the splendid
record you made, and upon the
ability and impartiality with which
you have discharged the very diffi-
cult duties imposed upon you by the
law.

We all regret the fact that it
was necessary for the United States
to engage in this world war. It is
impossible to predict when the war
will end. The war will end, how-
ever, when we win it. I predict that
the fighting men of Illinois will give
a good account of themselves in the
contest upon which we are enter-
ing.
Very truly yours,
Henry T. Rainey.

CHESTER REEVE WRITES OF CAMP LIFE

Grandson of Mrs. Thomas Mason was With Troops at East St. Louis.

Mrs. Thomas Mason has received a newspaper clipping giving a letter written by her grandson, Chester Reeve, who was with the 6th Illinois regiment at East St. Louis. The young man evidently likes his military work and says as much in this letter:

I thought I ought to write you a line and let you hear how we were getting along. Eddie Duckett has been quite sick, but is on the gain now. I am having a good time, and enjoy the work. Our meals are good. For breakfast we have oat meal, bacon, corn bread and coffee; dinner, boiling meat, peas, corn, potatoes, cornstarch pudding and ice cold tea, and for supper, boiling meat, tomatoes, potatoes, and gravy, rice and cold tea. We have apples and ice cream with our Sunday dinner. Every other day we have camp leave, and make short trips to St. Louis. We expect to get leave to attend a ball game at St. Louis Sunday. We have two ball teams in camp and I play with one of them. I should like to come home before we are sent to Houston, Tex., and will try to get a furlough. I see a number of Geneva boys were drafted. I am glad I volunteered, as my number was drawn. Some of the other Geneva boys may be sent here, and will be glad to have them come. They will find the boys of Co. D. are all right. There is a fine bunch of boys here from Oak Park, and we all stick together. East St. Louis is a dirty town, and we'll all be glad to get out of here. We have moving pictures twice a week. There are about 30 regulars on guard here every night owing to the recent race riots, but it's quiet now. We are all welcome at the Y. M. C. A. and have church services every Sunday morning. Will you send us the Republican every week, for we want to hear the Geneva news, and Duckett is in the hospital, and will greatly enjoy reading it. Tell the boys at home, to write to him. I will go to the hospital tomorrow to see him.

Your truly,
Chester Reeve.

M. E. CONFERENCE IN SESSION AT CHAMPAIGN

Rev. C. D. Robertson is New Chairman of Board of Conference Examiners—Prospect is for Record in the Number of "First Year Men."

(By C. R. Morrison)

Champaign, Sept. 4.—The nearly Chanute Aviation force of Rantoul received reinforcements today in the incoming of several hundred "Sky Pilots" whose vision reaches beyond the sky and the stars. May they do something more than sail or grow visionary.

Examinations

Rev. C. D. Robertson of Arcola is the new chairman of the board of conference examiners before which appear forty-two young ministers, who are pursuing a four year course of study. Two previous dates have been assigned for written examinations, one in June and another in August, and today's assembly was to complete and tabulate the work for report in open conference during the week. This chairmanship has had a succession of able men—most all of whom have stepped from it into district superintendency. Dr. McFarland organized the board in 1896, systematized it, secured permanent records for it, and then Prof. H. M. Hamill had it in charge for several years to be succeeded by Rev. W. A. Smith. Rev. C. Galem and more recently Rev. W. N. Tobie, W. D. Fairchild and now the author of a series of charming essays entitled: "Down the Year" (Rev. C. D. Robertson), has the leadership of the board. He has the assistance of a faculty of twenty-three college men, as colleagues.

Serious Accident to Secretary

Rev. J. F. McAnnally is secretary and has been for some years past. A few weeks ago while out riding with his family, his automobile ran into a ditch and turned over, killing his fourteen year old son and severely injuring himself and bruising other members of the family. Mr. McAnnally is now in the hospital at Springfield. By the way, the automobile craze has invaded the ranks of the ministry and he is an exception who does not own one. Rev. A. K. Byrns of Bloomington suffered the loss of his by the theft during the winter and tho' insured, the insurance money was spent in an effort to recover the machine, but in vain. He was obliged to purchase another.

Rev. Hugh S. Jackson of Oakland, like many other preachers, used his machine on his vacation, going from near Indiana across Illinois to Fremont county in Iowa, adjoining the Nebraska state line, a 600-mile trip. Others have gone east and south and camped along the way, enjoying a delightful outing.

Gossip

The incoming of a group of men, whose friendship and social and religious ties strengthen as the years increase, make the greeting after a year's separation, one of deep sincerity. It is a time of exchanges of confidences. Following this there are expressions of hopes, and plans for another year. Then some gossip. And the gossip is of general interest. The hope that the disturbed condition of the country, in regard to the war, might not prevail in Methodist

church circles, seems after all to have been a vain hope. Already the field of Illinois conferences has been canvassed and a list of 132 names has been made and labelled "On the Move." The probabilities are that the list will grow in length, instead of falling short of the above number. It would surprise the general public to learn on what trivial causes ministers are asked to move or why the minister asked the powers that be, for pastures new. It ranges from poor salaries and high cost of living on through misfits and lack of school privileges for growing boys and girls of the parsonage, or to tribulations of the most minute sort. A change of heart, instead of a change of place, would cure most of these later causes. And on the part of the churches—a greater degree of co-operation with the pastor, a hearing of the heart in connection with the hearing of the ear, would make great preaching out of some moderate pulpit teachers.

So the conference begins, and the prospect is for a record in the number of "first year men" who are "to begin again" in some new locality.

LAMBERT TAYLOR RDIER IN WORLD WAR

Former Jacksonville Man Lost Life in Service With Canadian Artillery.

Mention was made in Sunday morning's Journal of a report that Lambert Taylor, former employee in Capps' mill, and who has been serving with a Canadian regiment in France, had been injured. No particulars were received at that time but Mrs. Joseph Correa of Pine street Tuesday received a telegram bringing the news of Mr. Taylor's death. His wife before her marriage was Miss Rose Correa and she accompanied her husband from this city to Toronto last fall. He joined the Canadian artillery at Toronto and was shortly afterward sent to the front. No particulars have been received other than the information that the soldier died from wounds received in battle.

WOMEN WILL AID DEFENSE COUNCIL

Officers of Local Committee Chosen at Conference Held Tuesday Afternoon.

A meeting of women presidents of church, literary and civic societies of Morgan county was held at the public library Tuesday afternoon to organize a Morgan county committee of the national council of defense. Various organizations were well represented and it was very plain that the women are desirous of co-operating in this work in every way possible. Mrs. Miller Weir, who is president of the Jacksonville Woman's club and who had issued the invitations, presided during the session. A nominating committee was appointed and the following officers reported and approved:

Chairman—Dr. Josephine Milligan.

Registrar—Miss Elson Barnes.

Treasurer—Mrs. Lillian King.

In the absence of Miss Annie Hinrichsen an informal talk was made by Mrs. A. L. Adams, county representative on the state publicity committee, and she explained something about the purposes of the council. It was especially urged that as many women as possible go to Springfield tomorrow when representatives of the state organization will be present and give details of the work which the council of defense has delegated to women. On Saturday another meeting will be held here, when it is expected that Mrs. Roy Dickey of Chicago will be present and give points about the county work, especially with reference to registration. The plan is to have the week of September 17th set aside for registration and during that period to list the names of all women in the state who are willing to devote some time to the work and also to classify them according to the particular kind of work they can well undertake.

HONOR NATIONAL ARMY CONSCRIPTS

(Continued from Page 1)

terans of the Civil and Spanish wars in the procession. An old man in blue, another in gray marched at the head of the Americans who fought each other in the sixties. Above them floated proudly a banner bearing this device: "The United States."

On another with G. A. R. on it were the words: "Ready for duty."

Hundreds of Children March.

One of the features that brought the crowds up cheering was found in the hundreds of children representing the Washington playgrounds. They marched solemnly by the reviewing stands, flags over their shoulders in true military fashion most of them saluting but many forgetting this honor to the president in their eagerness to see what he looked like. The foreign visitors seemed particularly interested in a grat float where all the nations in the war against Germany were represented, Japan by a figure in medieval armor.

The food administration attracted much attention. Herbert Hoover marched at the head and behind him came fifty women in blue uniforms and white caps, carrying a huge flag.

The police arrangements for the day were without a hitch. Probably more than 100,000 people lined the avenue but there hardly was an incident to mar its wholehearted enthusiasm.

ANNOUNCEMENTS

I hereby announce myself as a candidate for the Republican nomination for county commissioner at the primary election Sept. 12.

WILLIAM ROOK.

I hereby announce my candidacy for the nomination for the office of county commissioner, subject to the decision of the Republican primary, September 12, 1917.

FRED J. SCHOLFIELD.

PROCLAMATION.

Wednesday, Sept. 5, 1917, being the day selected by the executive committee for a public expression of our appreciation and honor to the noble young men that have the honor and privilege to be called at this critical time to defend our present and future national and individual welfare.

Therefore I herewith request that each one of us decorate our homes and places of business in a patriotic manner and that all places of business be closed Wednesday from 3 to 4:30 p. m. so all can with one accord join in a grand parade which will be led by the band, G. A. R., Woman's Relief Corps, Spanish Veterans and other civic organizations, from the Y. M. C. A. building where the reception banquet furnished by the dear mothers and good women will be served at 1 p. m. to the drafted men in the first call, then to the Chicago & Alton station, where the first six that have been selected will be entrained.

Let us each one take part and be alive to our opportunity and privileges.

Loyally,

H. J. Rodgers, Mayor.

PATRIOTIC VERSES.

C. W. Cornick recently received a copy of a song composed by Red E. Hall of Rushville which is a parody on "Marching Through Georgia."

The lines will be especially popular just now and run like this: Bring the good old bugle, boys, We'll toot another toot; Then you'll laugh your liver sore to see the Kaiser scot; For he never can endure To hear that loyal whoop, When we go marching through Ger-man-y.

Hy-lee—hy-lo, the Kaiser's got to go, Hy-lee—hy-lo, what makes him tremble so?

Ten million of our Yankee boys Will surely lay him low, When we go marching through Ger-man-y.

Now what's the use of Kaiser Bill A hangin' on to fight? For what we're going to do to him You bet yer life is right; We'll teach him he can't trample down.

Our liberty and might, When we go marching through Ger-man-y.

We'll take a rap at Hel-go-land, The base of Bill's supplies, We'll clean up on the pesky place And take it for a prize. The jig is up, the die is cast We'll flag him for his lies, When we go marching through Ger-man-y.

All goods marked in plain figures; prices materially reduced; 2% additional for goods if charged; five cents added to order if goods are delivered. This briefly is our new sales plan which begins Monday. Taylor's Grocery.

RED CROSS MEMBERS WILL MARCH IN PARADE

At a meeting of the directors of the Jacksonville chapter of the Red Cross last night it was decided that the organization should be largely represented in the parade today. An automobile carrying Red Cross nurses and with a Red Cross banner will be at the head of the Red Cross division and officers, directors and members of the society will follow. Every one of the thousands of members of society in Morgan county are earnestly requested to take part in this demonstration today, in honor of Morgan county's new soldiers. If you do not belong to some other organization which will have part in the parade you certainly will be in place if you march with the Red Cross society.

An item yesterday referred to the appointment of Miss Joyce Masters as a teacher of Strawn's Grove school. The word "Miss" should not have appeared in this item as Joyce Masters is the son of Frank M. Masters, well known resident of Lynnaville precinct.

WINCHESTER PAYS TRIBUTE TO SOLDIERS

Fine Parade and Dinner Followed by Patriotic Program—Four Men of First Squad Leave Today—Scott County News Notes.

Winchester, Sept. 4.—Scott county's demonstration in honor of the first quota of drafted men was a splendid one indeed. The rain the night before had made the roads heavy but nevertheless there were many visitors from the country precincts and 58 out of the 71 men were in the parade. On the early morning train Sept. 5 George Edward Berry, Leo C. Bishop, both of Exeter, John O'Brien, Bluffs and Ernest Glossop of Winchester, will depart for East St. Louis enroute to Camp Taylor. The parade headed by the Merritt band was one of which Winchester and Scott county could well be proud.

Soldiers in Parade.

Following the band came veterans of '61, Spanish-American veterans, then the boys of '17 and members of the exemption board, city council, Winchester band, with pupils and teachers of city and country schools, and citizens.

The parade formed on the public square at 11:30 a. m. and following a short line of march moved to the Christian church. There an elaborate dinner was served by the general committee made up of women from the aid societies of the various churches, and they certainly overlooked nothing which would tempt the appetite of the young soldiers. Rev. Mr. Johnson said grace and then the serving of the courses began. During the dinner hour the Winchester orchestra furnished a splendid program.

Later adjournment was taken to the circuit court room where an audience that occupied all available space assembled. Many people were unable to gain admission. The program began with the singing of America by a chorus, accompanied by the Merritt band, and before the verses were finished the audience joined in with patriotic vim. Prayer was then offered by Rev. C. W. Caseley, followed by the Marseilles hymn by the chorus and band.

Patriotic Address.

J. A. McKeene was the chairman and he introduced as the speaker of the afternoon W. C. Butler of Springfield, former member of the legislature. His address teemed with patriotism as he sketched rapidly the history of the great country and brought to the mind of his hearers the events which led up to present world conditions and the part which America is now destined to play in the great world war drama. Immediately after his address Mr. Butler left by train to return to his home in Springfield. The program was continued with music by the band and the impressive service came to a close with a prayer offered by Rev. Mr. Prewitt. The day's exercises throut were of a most impressive character and the people gave most certain evidence of their heartfelt interest in the county's soldiers.

The committee in charge are very grateful to the members of the Merritt band for their services given without charge and to all others who in any way contributed to the conspicuous success of the occasion.

Personal Mention.

Miss Ella Boylan and her niece, Miss May of Jacksonville, came Tuesday afternoon to visit Mrs. Martha Faul.

The ladies of the church also held an all day sewing Tuesday for the Red Cross.

AN AUTO SIGNAL SUGGESTION.

Editor Journal:

In regard to a suitable code of signals for auto drivers I would suggest the following: When a car driver approaches a turn in the road let him signal two long and two short signals for a turn to the right, and reverse, two short and two long for turn to the left. In case he has choice of making a turn or going straight ahead let him tell the oncoming driver by one long toot that he is going straight. In case he overtakes a vehicle and desires to pass, a series of short toots of course is sufficient. So many corners are obscured by hedge or corn and how easy it is to tell the other fellow what to expect. So many drivers nowadays do not signal at corners at all. WHY?

Respectfully,

S. M. Henderson.

Y. M. C. A. DIRECTORS IN MONTHLY CONFERENCE

Report for Recent Months Shows Association Affairs in Satisfactory Condition — Plain for Physical Work Outlined—Financial Facts.

The regular monthly meeting of the directors of the Y. M. C. A. was held in the association rooms Tuesday afternoon at 4:30 o'clock. There was a good attendance of directors with President H. J. Rodgers in the chair. The directors heard a report of the financial affairs of the association from April 15 to August 31, 1917.

This period is the hardest of the year for the association and the directors feel much gratified to find that the association showed a small balance for these months which are usually expected to show a deficit. The affairs of the association are in good condition and the officers are looking forward to a prosperous year. It is the intention to begin the membership campaign some time the first of next month, the definite time to be announced later.

A policy for the physical department of the association was outlined at the meeting Tuesday. This together with the financial statement are given hereunder:

Object.
The object of the physical department of the Young men's Christian association is to promote by means of exercise, recreation and education the higher physical, mental and moral efficiency of men and boys as essential in the development of the best type of virile Christian manhood.

Committees.
Committees will be appointed by the physical department committee to promote the various activities in the department as deemed advisable.

Medical Staff.
The physical department committee recommends that a medical staff should be formed to give medical examinations to each member of the

association consisting of the physicians of the city who will give their time for this purpose.

Leaders' Corps.
A Leaders' Corps is to be organized immediately and the membership of this organization shall be restricted to those who are full privilege members of the physical department of the Jacksonville Young Men's Christian association.

The object of this club shall be to assist the physical department committee and the physical director in carrying out the objective of the physical department of the Young Men's Christian association, especially in the development of a high standard of Christian manhood and the promotion of physical education in general and among the members of the Young Men's Christian association in particular.

Gymnasium Classes.
The opening of the gymnasium, with classes for the different groups, will be Monday, October 1st, 1917. A schedule of the classes in gymnasium and pool will be out in a few days.

Special Classes.
Special classes for those who wish to specialize in tumbling, swimming, diving and apparatus work will be organized during the season.

Tournaments and Leagues.
Tournaments and leagues will be promoted in the classes. It has been suggested that we promote the Sunday School Basketball league which was organized last year, and also the City Base Ball league. We will take up other leagues as the demand comes.

Examinations.
It is recommended that each member be given a medical and physical examination before using the physical privileges of the association.

Aquatics.
Each class session will be followed with a twenty minute period in the pool. Classes for the beginners, also life saving classes and advanced swimming instructions will be given.

Religious Work.
Personal interviews will be had as often as possible. A Bible class for the boys will be organized. The Week of Prayer program will be carried out in the gymnasium classes.

Financial statement. April 15 to Aug. 31, 1917, follows:

CORN CROP POOR IN KANSAS.
Theodore Johnson of Cleburn, Kansas, is here with his wife and baby visiting at the home of Robert Rawlings. He gives a rather gloomy report of the corn crop in his vicinity, and says they had no good rain from June 5 until August and hot winds have about used up that crop. Wheat and oats are very good there.

DAIRYMEN ENJOY PROFITABLE MEETING

EMINENT SPEAKERS DELIVER ADDRESSES AT NICHOLS PARK

Pres. Mason of State Association Made Principal Address—Visitors Inspected Herds at Jacksonville State Hospital.

Unfavorable weather greatly hindered what yesterday would have been truly a red letter day in the annals of dairymen in Morgan county, tho as it was, a goodly number gathered and, as was remarked, what the affair lacked in quantity it made up in quality.

L. T. Potter and the local dairymen had exerted themselves to the utmost to have the meeting what it should be and had there such eminent talent as J. P. Mason, president of the State Dairy Association; Louis Wiggins, superintendent of State Dairy extension and C. S. Rhode of the State Dairy extension department of the University of Illinois.

Inspect State Dairy Herd.

Mr. and Mrs. Lloyd Lukeman repaired to Nichols park in the morning to look after all who might come early and Mr. Potter met the morning trains and received the visitors and first conducted them about the city and the farm at the Jacksonville State hospital, where they inspected the herd of cows there. They then rode out to the park and enjoyed a time socially before noon and when the hour of twelve arrived, tables were spread under some trees south of the pavilion and Mrs. Lloyd Lukeman, Mrs. John Palfrey and Mrs. L. T. Potter placed before the visitors a royal feast prepared by skillful hands, bountiful in quantity, choice in quality, admirably served and thoroughly enjoyed by every one present.

At the close of the meal a cordial vote of thanks was tendered the ladies for their excellent dinner.

Test Value of Cow as Producer.

As has been several times explained in the Journal, the progressive owners of cows in the counties of Morgan and Greene have formed a club or society for the purpose of testing the value of cows as milk and butter producers. A cow is charged up with all she costs and her produce in milk and cream is carefully weighed and a balance ascertained.

In some cases a cow is found to be very profitable; in some about a stand off and in others a positive loss. The chief expense of the enterprise is the salary of the tester who visits each herd at the proper time and ascertains the record of each cow.

Those who have tried the plan say it pays and pays well and the desire of Mr. Potter and those associated with him has been to persuade as many as possible to go into the club. It pays well and is one of the means employed by progressive, up to date dairymen to advance the business in which they are engaged.

Pres. Mason First Speaker.

After dinner all assembled in the large pavilion and a very profitable time was enjoyed. The first speaker was Mr. Mason and of all remarks a short outline is given.

Mr. Mason said in brief: "The object of the state dairy association is to promote more and better dairymen. The fact is, our country is getting short on live stock and we need and must have more. There is no calling which will stand as much abuse as farming. It should by all means be managed on business principles and if the merchants of the land used no more business methods than the farmers they would come out short at the end of the year. Put the cow on a financial basis and to do this there is no better way than in the dairy association."

"For instance: A Wisconsin man had a cow for which he would readily have taken fifty dollars but he submitted her record to the tester and found she was worth \$250. Another man sold a cow for \$300 whose value was ascertained by the tester. "Live stock can be produced profitably on high prices land as well as on low and even better. Thirty per cent of the people are feeding 70 per cent and if methods are not changed and more intensive methods employed somebody is to go hungry. "Some say dairymen is such a drudgery but it is not if one is fixed properly for it and has a proper love for it. If you sell your grain you are taking from the soil and putting nothing back, but if you have a dairy you can double the fertility of your land."

"Our legislature and governor have been generous with the dairy interests and now it is for the farmers of the state to fall in line and reap the profits."

Cow Has Made Wisconsin.

"Only think; Wisconsin is second in dairy products in the country and the great state of Illinois is fifth. The fact is we have been used to large crops and have despised the day of small things, among which we have placed the dairy. The cow has made Wisconsin. The soil is not as rich as ours nor the climate as favorable but they have devoted their brains to the subject and have grown rich. They have 86 cow testing clubs. A few months ago Illinois had none; then two started and it has finally grown to fifteen and we are out to encourage the formation of more. Fifteen tons of ensilage which should be produced on an acre and 5 1-2 tons of alfalfa hay which should grow on another acre should keep two ordinary cows a year and would be a good balanced ration, with possibly a little oil meal added."

Dairymen Pays Well.
"In northern Illinois much attention is being paid to dairymen and it pays well. There are practically no creameries there. The milk is sold to the factories and city dairies. Effingham county is a large dairymen center and has more than fifty breeders of fine stock. One

concern in Effingham paid to farmers in one month \$35,000.

"Bond county some years ago almost faced starvation but the farmers put their wits to work and row dairymen is a prominent industry and the county is prosperous. The Holstein breed is preferred there. Prices for butter are fixed carefully by a committee. The scheme was broken up by the government some time ago and now a different plan is adopted. The milk arriving and all conditions are taken into account by the price committee and the rate agreed on and it is based on common sense and careful figuring."

"Milk is a prime article of food and at fifteen cents a quart would be as cheap as most things we buy. Now is a good time to go into dairymen. One cow will produce a ton and a quarter of manure; think what that is worth to the land. Feed your cows well in cold weather and have the bedding absorb all the droppings and urine and you will see the advantage. Milk regularly, like five a. m. and five p. m.; feed regularly. Get the breed you like best and find most profitable and stay with it and don't change from one to another."

"Don't be afraid of work; it is the lily hands that are shunned by practical men. I was unexpectedly in need of money in St. Louis and didn't know a soul there. I entered a bank, called for the cashier; told my story, assured him I was not a confidence man but an honest, hard working tiller of the soil and showed him the palms of my hands and he cashed my check! In the northern part of the state, if a man goes into a bank to borrow money if the banker sees him in plain clothes, and manure on his shoes he gets the cash."

"Get the young men interested in dairymen and when they are they will like it and stay with it. I began a very poor man and worked my way up till I went into a bank and borrowed \$20,000 on my individual note and I have induced my five sons to follow the farm."

(To be continued.)

PUBLIC SCHOOL NOTES.
Work at the different schools of the city is shaping up in good style for the opening of the school year next Monday. At the high school and David Prince buildings everything is now practically ready to receive the students when they arrive. Tuesday there were a number of students who took examinations to make up work in which they had been conditioned last spring.

Students who had been making up their work during the past summer hope to pass the exams at this time and thus get credit for work which they would otherwise have had to take another year to secure the proper credits.

Today, Thursday and Friday Principal Callahan will be at his office in the high school building and will be ready to enroll any students who have not already registered.

FREIGHT YARD WRECK
Local freight train No. 115, Chicago & Alton, north bound, Tuesday morning ditched four cars of gravel south of the Jacksonville Transfer Company's storage plant. This train is due out of here about 8:30 a. m., but on account of this trouble did not leave the city until about 2 p. m. The train was in charge of Conductor McElhern and Engineer Sorrells. The wrecker and crew was brought up to Jacksonville last night on Train 88 and at a late hour the crew was busily engaged in getting the back track cleared of gravel, broken cars and track. It is understood that a poor stretch of track caused the accident.

SUNDAY SCHOOL BOARD HELD CONFERENCE

The Sunday school board of Grace M. E. church held the first meeting for the fall months at the church last night. They enjoyed a supper and then with Thomas Hopper presiding, various subjects related to Sunday school work were discussed. Each person present was privileged to write out a question or theme and then these were distributed and each person was expected to talk about the subject on the slip given. It proved a very interesting session.

COMFORT BAGS FOR SOLDIERS

The Jacksonville W. C. T. U. have arranged to furnish and make the comfort bags for the forty first soldiers of Morgan county. These will be filled by a Red Cross branch of Chicago and forwarded to the men in camp. The American Baptist Publications Society is furnishing a new testament for each bag.

BART GOUGHERTY WILL LEAVE, MAYBE

Bart Gougherty will leave Jacksonville, maybe. Bart was before Justice Dyer Friday and was given hours to leave town by State's Attorney Robinson and stay away forever. Bart recently completed a jail sentence and was soon in the clutches of the law charged with drunkenness. Tuesday State's Attorney Robinson told Gougherty that he must leave town immediately and stay away else he would have him adjudged an habitual criminal and send him to the penitentiary for life. Whether this dire threat will keep Bart away from his beloved city remains to be seen. He has taken a drink out of the old park pump and as we said in the beginning he may stay away forever, maybe.

PASTORS AID OF FIRST BAPTIST CHURCH MEETS FRIDAY

The Pastor's Aid Society will meet Friday afternoon at 1:30 o'clock. Every member is urged to be present as there is much work to be done. The meeting was to have been held this afternoon but was postponed on account of the celebration in honor of the soldiers.

F. S. Pearce spent Sunday with his parents, Mr. and Mrs. W. C. Pearce and family.

Mr. and Mrs. Guy Brown spent Sunday with relatives in Winchester.

AUTO TRAVELERS FOUND HEAVY ROADS

Prof. Topping and Party from Purdue Strong for Oiled Highways.

A. N. Topping, professor of electrical engineering at Purdue University, motored into the city yesterday afternoon in a rather soiled and mud stained Studebaker. Professor Topping was on his return trip to Lafayette, Ind., from Lawrence, Kansas, where he had been to see his brother. The younger Mr. Topping having been a successful candidate at one of the officers' training camps, he has just lately received his commission as an officer in the new national army about to be mobilized and the object of the motor trip from Indiana was to bid a farewell to the young man before he leaves home.

The Topping party had encountered mud from the time they crossed the Mississippi at Hannibal. The best roads which they had on the trip from Hannibal were found about eight miles west of this city into Jacksonville. The oiled road west of town was reported in excellent condition and the motorists were hoping for some more oiled roads between this city and Springfield. They were informed that the roads near this city were fairly good but that the nearer one got to the Capitol City the worse the condition of the highways became. Mr. Topping said that he had noticed that fact on his way over.

BROUGHT TO HOSPITAL

Albert Wilhman who is a resident of McLean county was brought to Jacksonville State Hospital recently. Wilhman has been an inmate of Bartonville several times but always escaped and returned to his home near Shirley in McLean county, where he terrorized the countryside. It is thought that Wilhman will find it more difficult to escape from Jacksonville State Hospital.

Miss Kate O'Hara of Covington, Kentucky, was in the city yesterday making arrangements to enter the Woman's College.

Buy all-wool clothes

Hart Schaffner & Marx clothes are absolutely guaranteed to satisfy you.

At a time when every dollar you spend ought to be looked at twice before you part with it, just remember that you ought to look more than twice at what you're going to get for it.

Hart Schaffner & Marx have based their whole business on the belief that all-wool is best for men's and young men's clothing; that cotton mixtures, though somewhat cheaper, are not economy.

They have maintained a strict all-wool standard in spite of steadily rising costs of fine wool, in the face of the clamor for cheaper clothes. We know that the men and young men of America share this belief that all-wool is best; is real economy.

Good clothes, like everything else, cost more than they formerly cost, but if all-wool is best and cheapest in the long run, you ought to have it. It means more style, more service, more satisfaction, and we are keeping the price down to you.

In spite of the war the weavers of England, Scotland, Ireland, and America have supplied the wool goods for these clothes.

We believe we are upholding and strengthening the call for economy in offering these all-wool clothes, with an unlimited guarantee of satisfaction.

The Hart Schaffner & Marx label in a garment is the sign of all-wool and an absolute guaranty of satisfaction; a small thing to look for, a big thing to find.

St. Louis, Mo., Sept. 4.—Chicago
won a slugfest match from St. Louis
today 13 to 6. Thirty-two hits were
made, each side getting sixteen. The
visitors' big inning was in the eighth
when they made eight runs on three
doubles, six singles, a sacrifice hit,
an infield out, a double steal and an
error by Pratt. In this inning Felsch
got two doubles. A belated rally in
the eighth and ninth netted the lo-
cals six runs. Score:

New York, 2-7; Boston, 4-3.
Boston, Sept. 4.—New York made
it three out of four from Boston to-
day when it split even in the double
header and Boston's championship
aspirations received another jolt as
a result. The first game which was
won by Boston 4 to 2, is thought to
have been the fastest played in the
American League this season. It re-
quired only one hour and twenty
minutes to complete it.
In the second contest New York
won 7 to 3 with Ray Caldwell pitch-
ing. Mays who had won seven
straight games, was hit hard, Cald-
well led in the attack with three
hits. Score:

For Freckles**

Girl! Make beauty lotion at
home for a few cents. Try it!

Squeeze the juice of two lemons
into a bottle containing three ounces
of orchard white, shake well, and you
have a quarter pint of the best
freckle and tan lotion, and complexion
beautifier, at very, very small
cost.
Your grocer has the lemons and
any drug store or toilet counter will
supply three ounces of orchard white
for a few cents. Massage this sweet-
ly fragrant lotion into the face, neck,
arms and hands each day and see
how freckles and blemishes disap-
pear and how clear, soft and white
the skin becomes. Yes! It is harm-

NOTHING EXCEPTIONAL
IN HARTFORD RACES

HARTFORD, Conn., Sept. 4.—
The second day of the Grand Circuit
meeting over the Charter Oak Park
race track here today was marked
by racing on the half mile track and
there was nothing exceptional in the
three events, except that it required
six heats for Suldine to win the 2:24
trot, as he acted badly in the first
two heats and the fifth. Bobby C.
had an easy time in the 2:14 trot,
taking the lead at the start and never
being headed in any of the three
heats. Jess Y the favorite acted
badly, breaking in every heat when
Bruslie attempted to send her up
to catch Bobby C. In the 2:18 pace
John A. P., owned by John A. Pil-
gand, president of the Connecticut
Fair Association acted badly after
winning the first heat. He was nosed
out in the second by Dr. Gordon and
distanced in the third. Dr. Gordon
had no trouble in winning after the
second heat.

MANY ATHLETES JOIN COLORED.
Chicago, Sept. 4.—Uncle Sam will
enroll more rugged soldiers and sail-
ors from the ranks of the athletes
than any other class.
The athlete, with all his rest-
less, aggressive spirit and his superb
physical fitness is in great demand
for all the branches of government
service, and very few of this class
have failed in the tests.
It recently was said that when
General Pershing's men "got going
in the trenches, Old Glory will be
defended by thousands of American
soldier athletes."

Philadelphia, 0; Brooklyn, 0.
Brooklyn, Sept. 4.—Brooklyn and
Philadelphia battled fourteen innings
to a useless tie today and the game
will have to be played in Philadel-
phia as this was the last appearance
of Moran's men here this season.
Pfeffer and Oeschger pitched re-
markable ball, the former being ex-
ceptionally brilliant. He retired the
visitors in order in eleven of the
fourteen innings altho in one of
them, the first two men reached
first. Hickman saved the game for
Brooklyn in the seventh when his
great throw to the plate retired
Stock who attempted to score from
first on Luderus' double.
Three fast double plays saved Oesch-
ger. In the twelfth Johnston
singled with one out and raced past
second on Hickman's long fly to
Whitted. He failed to touch second
on his return and was called out al-
tho Bancroft's relay went into the
grandstand. Umpire Rigler declared
him out for running out of the line.
The fielding of Myers, Bancroft and
Niehoff featured.

A BEVERAGE

You've enjoyed it at restaurants and other places—now you want
your family and your guests to join you in the same pleasure.
That's one of the joys of serving Bevo—to hear your guests
say how good it is—then to listen to their arguments as to just
what it is. If they haven't seen the bottle they'll all agree that
it is something else—if they have seen the bottle each will have
a different explanation for its goodness.
Bevo is nutritive—pure through pasteurization and steriliza-
tion—non-intoxicating, wholesome and thoroughly refreshing.
Note—Bevo should be served cold.

Get Bevo at inns, restaurants, groceries, department and drug stores, picnic
grounds, baseball parks, soda fountains, dining cars, steamships, and other
places where refreshing beverages are sold. Guard against substitutes—
have the bottle opened in front of you.

BANQUET FOR SOLDIERS
AT BLUFFS MONDAY

Red Cross Society Gave Fine Pa-
triotic Demonstration—Program
Was Inspiring, One—Bluffs Per-
sonal Mention.

Bluffs, Sept. 4.—The finest pa-
triotic demonstration ever held in
Bluffs was the banquet given by the
Red Cross society Monday night for
the boys of '61, '68 and '17. The
walls of the building were decorat-
ed with flags of the allied nations
at war and arranged in trios pre-
sented a very pleasing appearance.
The stage was decorated with the
Stars and Stripes and the camps and
burning campfire brought to the
minds of the old soldiers real army
life remembrances.

Many beautiful patriotic airs were
played by the orchestra. Little Mar-
garet Black and Lucile Adkins,
dressed as Red Cross nurses carried
a placard with the following inscrip-
tion: "Take it. Keep it. Bring
it back covered with glory," as little
Charles Stanton unfurled the starry
banner. Vernon Black and John
Summers in uniform with muskets
stood near. The finale was a grand
climax to the musical program. The
cork shaped table occupied the en-
tire center of the building and was
decorated with the Red Cross em-
blem and flowers. The center piece
was of red salvia hydrangea and as-
ters to represent red, white and blue.
One section of the table was re-
served for the Civil War veterans,
another for the Spanish American
soldiers and one for the volunteers
and conscripts of 1917. The last
section was for the parents of the
boys of '17. Col. John Tewksbury
occupied the seat of honor at the
table for the boys of '61. Wesley
Finney and Milton Jackson were the
only other veterans of the Civil War
present.

John Adkins was the only repre-
sentative of the Spanish American
war at the table. Hon. Eliza Wil-
liams of Pittsfield delivered a pa-
triotic address after which supper
was served to those desiring it,
there by defraying a part of the ex-
pense and placing a neat little sum
in the Red Cross treasury.
The following ladies are to be
complimented upon their untiring
energy and the spirit in which they
labored to make this banquet a suc-
cess: Miss Winifred Ashley, Mes-
dames Woodson, Baird, Corbridge,
Moore, Green, Wills and Misses Ber-
nice Wolford and Ethel McCabe.
Mrs. B. G. Frazer was called to
Slaughter, Ky., Monday by a mes-
sage which stated that her mother,
Mrs. Lizzie Brooks, was not expected
to live.
Born to Mr. and Mrs. Wm. Van-
der, Monday a daughter, fifth girl.
Frank Crawford who has been in
Kansas for the past two years re-
turned home Monday evening.
R. H. Stone spent Sunday and
Monday with his family here.

JERSEY COUNTY PIG CLUB IN FIRST ANNUAL SHOW

Show and Auction Sale Held on Court House Square in Jerseyville—\$200 in Prizes Awarded to the Youthful Contestants.

"Jock," a pure bred Duroc Jersey boar that made a gain of 155 pounds in weight in 91 days, won for Harry S. Rowell, age 11, son of W. H. Rowell of Plana township, a \$20 gold piece Friday at the first annual Jersey County Pig Club Show and Auction sale held in Jerseyville.

"Samuel," a 200-pound China grade boar, fed by Charles Hunter, age 10, son of Charles Hunter of

English township and a pupil of Central school, carried off premier honors in the cross-bred entries and Master Hunter was also awarded a \$20 gold piece.

There were two classes. One class was composed of hogs from the pure bred Duroc Jersey herd of H. L. Chapman, proprietor of Homeridge farm, one mile north of Jerseyville, who sold to the contestants pigs at \$10 each. These pigs were fed three months and sold at auction, the boys receiving the difference between \$10 and what the hogs sold for. The boys gave their notes for \$10. The death of a pig during the feeding period cancelled the note. The Jersey State bank and Mr. Chapman gave \$100 in prizes to the winners. Every contestant received \$1.00 or more.

The second class was composed of pigs of different breeds and of various breeding. The winners also received \$100 in prizes, half of which was furnished by the National Bank and the State Bank of Jerseyville. The three banks together contributed \$200 in prizes and thus stimulated great interest among the boys and girls of Jersey county, not to mention their fond "mamas" and "papas," in better methods of pig feeding and pork production.

The pig show and sale was held the spectators could enjoy them on the concrete sidewalk. There were a block of them. Each contestant made a partition to put between his pig and that of his neighbor and Newman-Beatty Co. and the Jersey Mercantile, thru the kindness of John N. Beatty and Harry Daniels, donated the use of the wire fencing which formed the front and back of the pens. F. V. Kallal furnished the straw on which the prize porkers contentedly stretched themselves while being judged by Mr. Scott and viewed by hundreds of interested spectators.

In the morning each pen was placarded with the following information: Name of pig, feeder, son or daughter of feeder, what the pig was fed, daily gain in pounds, total gain and cost of gain per pound.

Misses Aliene Quinn and Daly assisted in figuring the cost of gain per pound after the pigs had been weighed on scales at one of the long row of pens.

Spectators slowly passed back and forth before the pens all morning and up to 3 o'clock in the afternoon when most of those on the ground went to the chautauqua. Members of the pig club who wore yellow ribbons to designate their membership were admitted to the entertainment free.

Twenty five of the 52 pigs on exhibition were sold. The pig club members were permitted to place the first bid and many of the bids were so high the pig was returned to its owner as there was no second response. A. L. Carter of Medora, cried the sale for \$20 and C. S. White clerked it.

The 25 pigs auctioned off brought \$1,047.50. Lucian Dressel's hog brought \$83, the highest of those sold. M. A. McMahon was the successful bidder. "Harry C." was a pure bred pig and took fourth prize. The pig was bought for \$10 which means that Lucian made \$81 as he won \$8 prize money.

Supt. J. W. Becker assisted by Harry Daniels presented the prize winners with their gold and paper money. As they proudly came forward to receive their prizes smiles overspread their faces.

One of the amusing features of the show was found upon examination of the cards attached to the pens. Each occupant was named. "Black Beauty," "Lady Duroc," "Harry Homeridge," "Princess Illus-

trator," "Queen Illustration," "Ube-due Duroc," "Col. Harry" and "Lady Queen" were among the names given the aristocratic Durocs from the Harry Chapman farm, which the miniature pig raisers were evidently trying hard to honor. The less aristocratic porkers were burdened with the following names: "Superrofs," "Betsy Anne," "Squealy," "Grunt," etc.

Harry S. Rowell, a pupil of Wagonblast school, whose Duroc Jersey won first prize in the pure bred class, started feeding his porker June 1 when it was six weeks old. He spent 20 minutes a day with the animal and devoted in all 45 1-2 hours to its welfare.

That "Jock" responded readily to good treatment is shown by the feeding record. The pig weighed 30 July 1, 118 pounds on August 1 and 185 pounds on August 30 when the contest closed. A gain in weight of 155 pounds was made in 91 days. The daily gain was 1 64-91 pounds, at a cost of 13 73-155 cents per pound.

"Jock" was named after a mule colt, because "I had a little mule colt named 'Jock' and he died and I wanted something on the farm by the name of 'Jock'," explains Harry in his write up on "The Story of My Pig," which each contestant was compelled to write.

Other valuable information on how to grow pigs was contained in the story.

"I selected a Duroc Jersey pig because it is a good breeder and makes a large hog. The Duroc Jersey is hardy and has a better constitution than hogs of other breeds," he says.

"Pasture and forage crops are important in pig raising. They should have plenty of green food along with their other food to make them grow good and they should be given plenty of protein to make muscle and bone. I gave my pig plenty of fresh water. I drink every day and also provided him with water to lay in. I fed my pig every morning about 6 o'clock, every noon and every night at about 7 o'clock. I fed him corn, shorts, oil meal, tankage and kitchen waste and also glauber salts to keep him free from worms.

"I spent a great deal of time with my pig, petting him. When I first got him he was wild but it was not long before he was a great pet. I washed and scrubbed him about once a week and oiled him to keep him free from lice.

"Pure bred pigs are better than scrubs because they grow and fatten quicker than scrubs. I have learned that pigs should have good care. I am planning to join the pig club again next year and try to raise another fine pig to take to the Jersey County Pig club show in 1918."

Harry's prize porker received corn shorts and tankage during the three months he was in training, with a little oil meal the last few days. The cost was \$5.43, with \$9.54 worth of kitchen waste and \$1.36 worth of blue grass pasture. He figures his labor to be \$4.55 or a total expense for his hog during the feeding period of \$30.88.

Charles Hunter's Poland-China, winner of first prize in the grade class, at the pig show Friday, had many admirers, despite the fact that half of the pigs on exhibition were Duroc Jerseys.

"My teacher had me enroll as a pig club member and I selected the best pig out of a litter of nine," says Charles. "Papa says he likes them (Poland Chinas) best because they mature early and I think papa is the best one to advise me. I started to feed my pig milk, tankage corn and ship stuff three times a day, and found him always ready for his meals. I increased the feed as my pig grew older. I have learned it is easy to over feed, but I wanted my pig to grow fast and get big. Next time I will try to do better."

"Samuel" evidently thrived on his ration of 450 quarts of milk, 29 pounds of tankage, 132 pounds of ship stuff and 320 pounds of corn, as he made a daily gain of 1.52 pounds and a total gain of 137 at a cost of 10 cents a pound. He weighed 63 at the start.

In the feeding calculations the following prices were figured for the feeds: pasture 1.5c a day, corn 1.8c a pound, bran 1.5c, oil meal 2c, bran 1.5c, shorts 1.75c, skim milk, butter milk or kitchen waste 3c a gallon, oats 1.5c a pound, wheat 2.5c a pound and barley 2c a pound. Labor was charged for at 10 cents an hour.

A young lady by the name of Miss Ethel Crull, age 15, daughter of Plowman Crull of Rosedale township captured second prize in the pig-feeding contest. Her pure bred Duroc Jersey "Sunshine" weighed 154 pounds and made a daily gain of 1.5 pounds or a total of 137 pounds at a cost of 7.2 cents a pound.

"Sunshine" was fed milk, corn, white middlings and tankage which cost \$8.44. The total cost including labor at 10 cents an hour for 47 hours was \$13.15.

"I named my pig 'Sunshine' because I thought she would make a hog that would shine above all others," writes Miss Crull in her report. "A pig should have plenty of grass as it makes them more healthy and is the cheapest feed in hog raising. I spent much time with my pig, feeding and brushing her and giving her an occasional bath and she is a regular pet and always comes when I call her. She knows my voice from others in the family. I am planning to raise a better hog next year because I will have more experience gained from this year's work. I have learned a hog needs a balanced ration, regular feeding and kind treatment. I surely have enjoyed taking care of my pig and weighing her every day and watching her grow."

Miss Crull will no doubt be found among the first prize winners in next year's contest as she has learned much from her pig-feeding experience.

David St. Peters, son of Walter St. Peters of Dow, probably has the record for minimum cost of production in the pig contest. His pig weighed 142 pounds and made a

total gain of 110 pounds during the feeding period, at a cost of 4.9c a pound. The daily gain was 1 7-23 pounds. The pig was fed 20 gallons of skim milk in June, 30 in July and 50 in August besides 1 peck of corn in June, one peck in July and one half bushel in August. The porker also was on pasture a month. The total cost of feed was \$4.65 and the total expense including the labor of 75 cents, was \$5.40.

Other figures are as follows: Harold Brooks' Duroc pig gained 98 pounds at a cost of 6 2-3 cents a pound, and his grade pig "Spotty" gained 91 pounds at 6 2-3 cents a pound.

Leo Kuebrick's grade pig gained 95 pounds at 9.2 cents a pound.

Francis Kallal's pig gained 137 pounds at 6.85 cents a pound.

Alois Kallal's porker gained 139 pounds at 7 cents a pound.

Ed Connolly's pig gained 123 pounds at 12.9 cents a pound.

Joe Fleming's pig gained 117 pounds at 11.6 cents a pound.

Edna Lowe's pig gained 102 pounds at 12.4 cents a pound.

Robert Stafford's pig gained 116 pounds at 6.1 cents a pound.

Myron Evert's pig gained 123 pounds at 9.7 cents a pound.

Froman Beach's pig gained 126 pounds at 10.4 cents a pound.

Harry Johnson's pig gained 126 pounds at 9.65 cents a pound.

Dorothy Landon's pig gained 124 pounds at 6.2 cents a pound.

Francis Kiebrick's pig gained 117 pounds at 8.4 cents a pound.

Theron Reed's pig gained 115 pounds at 10.10 cents a pound.

The cost of production is very important in the feeding of hogs and the junior hog feeders were graded on this point. The cost ranged from five to 13 cents.

FIGHT FOR YOUR LIFE

Duty Demands
Robust Health

Fight to get it and keep it

Fight—fight day in and day out to prevent being overtaken by ill and all. Keep wrinkles from marring the cheek and the body from losing its youthful appearance and buoyancy. Fight when ill-health is coming with its pallor and pains, defects and declining powers. Fight to stay its course and drive it off. But fight intelligently. Don't fight without weapons that can win the day for without the intelligent use of effective weapons the pallor spreads and weakness grows and a seemingly strong man or woman oftentimes becomes a prey to ill after all.

You will not find this class of persons in the hypoferrin ranks. No unhealthy, dull, draggy, drooping persons in that line. It is a hale, hearty, robust aggregation of quick-steppers who view life in a joyous frame of mind and are mentally and physically equal to any emergency. Hypoferrin stands for sound body and sound mind—it is the invigorating tonic of the times—powerful and unsurpassed as a health restorer, vitalizer and health preserver. Fight to hold the vigor of a sound body with hypoferrin or to stay the process of decay and restore health and strength—you win. This tonic of amazing, wonder-working properties has been approved by physicians as a restorer and safeguard of health. It is a thoroughly scientific preparation of the very elements necessary to tone up the stomach and nerves, to build strong, vital tissue, make pure blood, firm flesh and solid, active, tireless muscles.

Hypoferrin contains those mighty strength-producing agents, leithin-and-iron peptonate, in a form best adapted to benefit the body and its organs. Its ingredients are absolutely necessary to the blood. In the cases out of ten a run-down condition, sallow, pale complexion that "all in" feeling and frail bodies are due to lack of leithin-and-iron peptonate in the system. Your mental and physical strength and endurance depends upon a leithin-and-iron peptonate laden blood, steady, dependable nerves and a healthy stomach. With these you can meet life at any angle.

This wonder tonic, hypoferrin, which is as perfect as science can get to nature, meets every essential demand of the human organism. It is safe and sure and a boon to run-down, worn-out men and women. Hypoferrin means nature's own way of bringing color to the cheeks, strength to the body and keeping the vigor and buoyancy of youth. The powder and paint way of effecting beauty is not needed by hypoferrin women and girls. Their blood, filled with nature's beauty stores, creates conditions that give firmness and grace to the body and the glow of health to the cheeks.

No need of going through life sickly and always feeling miserable in this age of medical science. Join the hypoferrin ranks. It puts into you the springy snap and vigor you ought to have and puts life into your body and mind that inspires the confidence that you confront the world on an equal footing with anyone. Hypoferrin may be had at your druggist or direct from us for \$1.00 per package. It is well worth the price. The Bestall Remedies Co., Cincinnati, Ohio.
